

International Aid Serving Kids

How You Can Help

Donations and Supplies Needed

Many people contribute to the success of a trip even when they can't go themselves. Whether you are going on a trip or not, you still can help us make a difference. Here's how you can help:

- 1) Share the message with your friends and neighbors to help us recruit clinicians – doctors, nurse practitioners, physician assistants (PA), nurses, dentist, hygienists, dental assistants, pharmacists, pharmacy tech etc. Send information about prospective volunteers to eric.gustafson@cbre.com.
- 2) Identify wards/groups or scouts that are willing and able to assemble the following items for the humanitarian mission: 100 hygiene kits, 100 school kits.
- 3) Collect medical supplies or raise money for trip-related expenses.
- 4) You can make a donation to help buy these needed supplies and medications. Please send checks (only) to IASK – 1135 N 650 E, Orem Utah, 84097.

Donations are tax deductible. You can request IASK tax id at this address:
